Specifications for Outdoors

Sculptures should be suitable for long-term, outdoor exposure, fabricated and installed in a viewer-safe manner. Sculptures should be installed in a manner that is sensitive to the natural environment.

Sculptures that need maintenance during the exhibition or that differ significantly from submitted images may be excluded.

Works should not exceed 12 feet in height.

Colorful, interactive, and kinetic (but safe!) works will be *especially* welcome.

It should be understood that this is a town-sponsored exhibit, so the work should be thought of in terms of a small town center, rather than an art museum. Additionally, politicized works will not be welcome.

Accepted Artworks

Only original artworks will be accepted.

Artists may not withdraw accepted works or substitute accepted works. This will be an in-person show. Artwork will be delivered by the artist. All accepted entries and winners will also be displayed on the New England Sculptors Association's website (nesculptors.org).

No artwork may be removed from the virtual or physical exhibits prior to the closing of the exhibit, regardless of sale status. Images of work may be used by the Town of Burlington, the Burlington Sculpture Park, and NESAs without notifying the artist or their agent, and all proceeds benefit Burlington, BSP, and NESAs.

Works will have plaques with identifying information.

Town insurance will cover damage to works up to \$50,000 and liability to the public.

Accepted entrants MUST be (or become) members of NESAs.

Tips for Submitting

All entries must be submitted in a digital JPEG format, between 2MB and 4MB. Label each entry as: **Name_Title**. Do NOT use all CAPS or all lowercase.

Image quality is critical! Poor photography and presentation will affect acceptance by the juror. The digital image must represent the artwork. Instructions for submitting can be found at
